Members social events news

Since our last newsletter had our first summer sports day and BBQ which was a whole lot of fun, and I am extremely excited for our Halloween party!

What's coming up?

With 2025 quickly coming to an end we only have a few meetings left and they are as follows:

- 2nd Oct- Members meeting (1830-2030)
- 26th Oct Halloween Party (1300-1600)
- 6th Nov- Members meeting (1830-2030)
- 7th Dec Christmas Party (1300-1600)

All details are on club google calendar which can be found through new club app. There will also be a booking form on here which is a requirement for all future social events- Ian will bore you with that later!

All dates for next year's social/member events are also on the calendar, and we have already booked some exciting guest speakers for next year for some of our monthly members meetings

As always, any questions please ask

Phil 😊

Public Events News

Another busy year in 2025 and since last newsletter we have done events in Newburgh, Wrexham, Lytham, Mawdsley, Liverpool and Woodland Animal Sanctuary and it has been AMAZING.

We are now done and dusted until 2026- As many of you would have heard me say previously we rely on club member volunteers to be able to do public events and as such we have had to limit the number of events we have done this year. I appreciate it is not always easy for everyone to give up time but without the members going to these events we can't help people learn all about our fantastic animals and our wonderful hobby that we all enjoy.

We have also done a further half dozen cubs, scouts, brownies meetings where we not only help educate young people about reptiles but raise important funds for the club to be able to do our rehoming and conservation work. If you are interested in helping at these please contact Ian (ability to bring animals preferred but optional).

CLUB SECRETARY UPDATE

2025 has been a busy year for us where we have been without doubt growing and developing as a club. We have an exciting few members events left this year and then an even busier and more exciting 2026 starting to take shape already.

You may have seen on the WhatsApp group the launch of a new club app which gives you Access to the clubs' calendar, newsletters, care guides and event and club information. This will be how we want people to confirm attendance to social events moving forward as it significantly simplifies things for us. We will continue to hopefully expand the functionality of this so watch this space.

In November we will also begin the process of electing the committee for 2026 so keep eyes peeled in WhatsApp announcement page and on the Club App for details.

Any questions please get in touch

Ian

CLUB CHAIR UPDATE

And as a final teaser from me...we are pleased to announce that we are currently in negotiations for a potential permanent location for us to conduct public events. That is not to say we will not be travelling to various locations still, but we are also looking for somewhere where we can do at least one public event a month on a regular basis.

Keep those  peeled.

Luke

Rehome and Rescue

Well, to say that we have been busy is an understatement!

Since our last newsletter we have had 29 new rehome requests with 14 successful rehomes. We currently have 9 animals looking for new homes and also have 2 currently in foster/rehab - which we will look to rehome when healthy

Often animals are surrendered to us with partial or complete set ups. If an approved set up is available, details of which will only be provided upon adoption enquiry and will not be provided within the advert.

If you are interested in adopting, or becoming a foster home (members only), please visit www.nwrc.club/rehome and fill in an adoption form, and our team will be in touch.

Details of what who is available can be found below

@Fay & Matt ❤️

Noodle

Species: Corn snake
Age: Unknown (Adult)
